SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

Revis	ion number: 1.1	Revision date: 10/02/2018
SECTION 1: Identification of the su	bstance/mixture and of the company/under	taking
.1 Product identifiers		
Product name:	B-Bromocatecholborane	
Product code:	B2132	
.2 Relevant identified uses of the sub- Identified uses:	tance or mixture and uses advised against Reagents.	
.3 Details of the supplier of the safety	data sheet	
Supplier: TCI EUROPE N.V.		
Boerenveldseweg 6		
Haven 1063		
B-2070 Zwijndrecht		
Telephone: +32(0)3 735 07 00		
E-mail: sales-eu@tcichemicals	com	
.4 Emergency telephone number:	+32(0)70 245 245	
SECTION 2: Hazards identification		
1.1 Classification of the substance or n Flammable solids	iixture Category 2	
Skin corrosion/irritation	Category 1C	
Serious eye damage/eye irritation	Category 1	
Signal word	Danger	
Signal word Hazard statements	Danger H228-Flammable solid.	
Hazaru statements	H314-Causes severe skin burns and eye damage.	
Precautionary statements	P260-Do not breathe dusts or mists.	
·····	P280-Wear protective gloves, protective clothing, f	ace protection.
		mouth. Do NOT induce vomiting. Immediately call a
	POISON CENTER or doctor.	
		air): Take off immediately all contaminated clothing.
	clothing before reuse.	a POISON CENTER or doctor. Wash contaminated
	P304+P340+P310-IF INHALED: Remove person to	o fresh air and keep comfortable for breathing
	Immediately call a POISON CENTER or doctor.	
	P305+P351+P338+P310-IF IN EYES: Rinse caution	ously with water for several minutes. Remove contac
	lenses, if present and easy to do. Continue rinsing.	. Immediately call a POISON CENTER or doctor.
.3 Other hazards		
Results of PBT and vPvB assessmer		
PBT:	Not applicable	
vPvB:	Not applicable	
SECTION 3: Composition/informat	ion on ingredients	
3.1 Substances	P. Promocotocholhoropo	
Components:	B-Bromocatecholborane >97.0%(T)	
Percent: CAS RN:	>97.0%(T) 51901-85-0	
CAS KN: Synonyms:	2-Bromo-1,3,2-benzodioxaborole	
Chemical Formula:	C6H4BBrO2	
01101	P. Promocatocholborano	Page 1 of 5
B2132	B-Bromocatecholborane	rage rore

Inmediately call a POISON CENTER or doctor/physician. Inse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Intinue rinsing.Immediately call a POISON CENTER or doctor/physician. Immediately call a POISON CENTER or doctor/physician. Rinse mouth. Do NOT induce vomiting. Interscuer should wear personal protective equipment, such as rubber gloves and air-tight goggles.
ontinue rinsing.Immediately call a POISON CENTER or doctor/physician. Immediately call a POISON CENTER or doctor/physician. Rinse mouth. Do NOT induce vomiting. rescuer should wear personal protective equipment, such as rubber gloves and air-tight goggles.
mediately call a POISON CENTER or doctor/physician. Rinse mouth. Do NOT induce vomiting. rescuer should wear personal protective equipment, such as rubber gloves and air-tight goggles.
both acute and delayed
ention and special treatment needed
ention and special treatment needed
ry chemical, foam, water spray, carbon dioxide.
ake care as it may decompose upon combustion or in high temperatures to generate poisonous fume
arbon dioxide, Carbon monoxide, Boron oxides, Hydrogen bromide
re-extinguishing work is done from the windward and the suitable fire-extinguishing method according
the surrounding situation is used. Uninvolved persons should evacuate to a safe place. In case of
e in the surroundings: Remove movable containers if safe to do so. When extinguishing fire, be sure
wear personal protective equipment
res
se personal protective equipment. Keep people away from and upwind of spill/leak. Entry to
on-involved personnel should be controlled around the leakage area by roping off, etc
revent product from entering drains
weep dust to collect it into an airtight container, taking care not to disperse it. Adhered or collected
aterial should be promptly disposed of, in accordance with appropriate laws and regulations.
emove all sources of ignition. Fire-extinguishing devices should be prepared in case of a fire. Use
park-proof tools and explosion-proof equipment.
or disposal see section 13.
andling is performed in a well ventilated place. Wear suitable protective equipment. Prevent
spersion of dust. Keep away from heat/sparks/open flame/hot surfacesNo smoking. Take measure
prevent the build up of electrostatic charge. Wash hands and face thoroughly after handling. Use a
osed system if possible. Use a local exhaust if dust or aerosol will be generated. Avoid contact with
in, eyes and clothing.
eep container tightly closed. Store in an explosion-poof refregerator. Store under inert gas.
otect from moisture.
ore locked up. Store away from incompatible materials such as oxidizing agents.
eat-sensitive, Light-sensitive, Moisture-sensitive
o further relevant information available.
nal protection
o data available
o data available stall a closed system or local exhaust. Also install safety shower and eye bath.
o data available stall a closed system or local exhaust. Also install safety shower and eye bath.
o data available stall a closed system or local exhaust. Also install safety shower and eye bath. ust respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc. Use respirators
o data available stall a closed system or local exhaust. Also install safety shower and eye bath. ust respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc. Use respirators oproved under appropriate government standards and follow local and national regulations.

## SECTION 9: Physical and chemical properties

SECTION 9: Physical and chemical	
9.1 Information on basic physical and cl	
Physical state (20°C):	Solid
Form:	Crystal - Powder
Colour:	White - Pale purple
Odour:	No data available
pH:	No data available
Melting point/freezing point:	52°C
Boiling point/range:	76°C /1kPa
Flash point:	No data available
Evaporation rate(Butyl Acetate=1):	No data available
Flammability(solid, gas):	No data available
Flammability or explosive limits:	
Lower:	No data available
Upper:	No data available
Vapour pressure:	No data available.
Vapour density:	No data available
Relative density:	No data available
Solubility(ies):	
[Water]	No data available
[Other solvents]	No data available
Partition coefficient:	No data available
n-octanol/water:	
Autoignition temperature:	No data available
Decomposition temperature:	No data available
Dynamic Viscosity:	No data available
Kinematic viscosity:	No data available
9.2 Other safety information	No data available
SECTION 10: Stability and reactivit	
10.1 Reactivity	No data available

10.1 Reactivity	No data available
10.2 Chemical stability	Stable under proper conditions.
10.3 Possibility of hazardous reactions	No special reactivity has been reported.
10.4 Conditions to avoid	Spark, Open flame, Static discharge
10.5 Incompatible materials	Oxidizing agents, Acids, Water

10.6 Hazardous decomposition products Carbon dioxide, Carbon monoxide, Boron oxides, Hydrogen bromide

SECTION 11: Toxicological information		
11.1 Information on toxicological effects	6	
Acute Toxicity:	No data available	
Skin corrosion/irritation:	No data available	
Serious eye damage/irritation:	No data available	
Respiratory or skin sensitization:	No data available	
Germ cell mutagenicity:	No data available	
Carcinogenicity:		
IARC =	No data available	
NTP =	No data available	
Reproductive toxicity:	No data available	
STOT-single exposure:	No data available	
STOT-repeated exposure:	No data available	
Aspiration hazard:	No data available	

SECTION 12: Ecological information	ion
12.1 Toxicity	
Fish:	No data available
Crustacea:	No data available
Algae:	No data available
_	
12.2 Persistence and degradability	No data available
12.3 Bioaccumulative potential	No data available
12.4 Mobility in soil	
Log Pow:	No data available
Soil adsorption (Koc):	No data available
Henry's Law (PaM ³/mol):	No data available
12.5 Results of PBT and vPvB assess	
PBT:	Not applicable
vPvB:	Not applicable
12.6 Other adverse effects	No data available

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture Substance of Very High Concern (SVHC) according to the Not listed REACH Regulations (EC) No.1907/2006

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out.

SECTION 16: Other information	
Prepared by:	TCI EUROPE N.V.
Issue date:	10/02/2018

This SDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. The products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
