SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

	ision number: 1	Revision date: 10/03/2018
	ubstance/mixture and of the company/undertaking	
1.1 Product identifiers		
Product name:	1-Methyl-3-propylimidazolium Tetrafluoroborate	
Product code:	M3036	
1.2 Relevant identified uses of the sub Identified uses:	stance or mixture and uses advised against Reagents.	
I.3 Details of the supplier of the safety Supplier:	data sheet	
TCI EUROPE N.V.

Immediately call a off immediately all contaminated clothing. I CENTER or doctor. Wash contaminated and keep comfortable for breathing. water for several minutes. Remove contact

4.1 Description of first aid measures Inhalation:	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a	
Skin contact:	kin contact: POISON CENTER or doctor/physician. kin contact: Remove/Take off immediately all contaminated clothing. Gently wash with plenty of soap and water. ye contact: Immediately call a POISON CENTER or doctor/physician. rgestion: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. continue rinsing.Immediately call a POISON CENTER or doctor/physician. Immediately call a POISON CENTER or doctor/physician. ngestion: Immediately call a POISON CENTER or doctor/physician. Rinse mouth. Do NOT induce vomiting.	
Eye contact:		
Ingestion:		
Protection of first-aiders:		
.2 Most important symptoms and effect	cts, both acute and delayed	
No data available .3 Indication of any immediate medical attention and special treatment needed No data available		
SECTION 5: Firefighting measures		
.1 Extinguishing media		
Suitable extinguishing media:	Dry chemical, foam, water spray, carbon dioxide.	
.2 Special hazards arising from the ubstance or mixture	Take care as it may decompose upon combustion or in high temperatures to generate poisonous fume Carbon dioxide, Carbon monoxide, Nitrogen oxides (NOx), Hydrogen fluoride, Boron oxides	
5.3 Advice for firefighters	Fire-extinguishing work is done from the windward and the suitable fire-extinguishing method according to the surrounding situation is used. Uninvolved persons should evacuate to a safe place. In case of fire in the surroundings: Remove movable containers if safe to do so. When extinguishing fire, be sure to wear personal protective equipment	
SECTION 6: Accidental release me		
.1 Personal precautions, protective quipment and emergency procedures	Use personal protective equipment. Keep people away from and upwind of spill/leak. Ensure adequate ventilation. Entry to non-involved personnel should be controlled around the leakage area by roping off etc	
.2 Environmental precautions	Prevent product from entering drains	
.3 Methods and materials for containment and cleaning up	Absorb spilled material in a suitable absorbent (e.g. rag, dry sand, earth, saw-dust). In case of large amount of spillage, contain a spill by bunding. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations.	
.4 Reference to other sections	For disposal see section 13.	
SECTION 7: Handling and storage		
7.1 Precautions for safe handling	Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent generation of vapour or mist. Wash hands and face thoroughly after handling. Use a closed system if possible. Use a ventilation, local exhaust if vapour or aerosol will be generated. Avoid contact with skin, eyes and clothing.	
.2 Conditions for safe storage,	Keep container tightly closed. Store in a cool and dark place. Store under inert gas.	
ncluding any incompatibilities	Protect from moisture. Store locked up. Store away from incompatible materials such as oxidizing agents. Hygroscopic	
3 Specific end use(s)	No further relevant information available.	
SECTION 8: Exposure controls/per	rsonal protection	
.1 Control parameters	No data available	
2.2 Exposure controls	Install a closed system or local exhaust. Also install safety shower and eye bath.	
Respiratory protection:	Half or full facepiece respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc. Use respirators approved under appropriate government standards and follow local and national	
Hand protection:	regulations. Impervious gloves.	
Hand protection: Eye protection:	Safety goggles. A face-shield, if the situation requires.	
Skin and body protection:	Impervious protective clothing. Protective boots, if the situation requires.

SECTION 9: Physical and chemical properties 9.1 Information on basic physical and chemical prop

element in thysical and onemical	proportios
1 Information on basic physical and chemical properties	
Physical state (20°C):	Liquid
Form:	Clear
Colour:	Very pale yellow - Yellow
Odour:	No data available
pH:	No data available
Melting point/freezing point:	17°C
Boiling point/range:	No data available
Flash point:	No data available
Evaporation rate(Butyl Acetate=1):	No data available
Flammability(solid, gas):	No data available
Flammability or explosive limits:	
Lower:	No data available
Upper:	No data available
Vapour pressure:	No data available.
Vapour density:	No data available
Relative density:	1.24
Solubility(ies):	
[Water]	No data available
[Other solvents]	No data available
Partition coefficient:	No data available
n-octanol/water:	
Autoignition temperature:	No data available
Decomposition temperature:	No data available
Dynamic Viscosity:	103mPa∙s (25°C)
Kinematic viscosity:	No data available
	Ne dete evelleble
9.2 Other safety information	No data available

9.2 Other safety information

SECTION 10: Stability and reactivity	
10.1 Reactivity	No data available
10.2 Chemical stability	Stable under proper conditions.
10.3 Possibility of hazardous reactions	No special reactivity has been reported.
10.4 Conditions to avoid	No data available
10.5 Incompatible materials	Oxidizing agents

10.6 Hazardous decomposition products Carbon dioxide, Carbon monoxide, Nitrogen oxides (NOx), Hydrogen fluoride, Boron oxides

SECTION 11: Toxicological information 11.1 Information on toxicological effects No data available Acute Toxicity: No data available Skin corrosion/irritation: Serious eye damage/irritation: No data available No data available Respiratory or skin sensitization: Germ cell mutagenicity: No data available Carcinogenicity: IARC = No data available NTP = No data available Reproductive toxicity: No data available STOT-single exposure: No data available s lable

No data available
No data available

SECTION 15: Regulatory information

 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture Substance of Very High Concern (SVHC) according to the Not listed REACH Regulations (EC) No.1907/2006

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out.

1-Methyl-3-propylimidazolium Tetrafluoroborate

SECTION 16: Other information	
Prepared by:	TCI EUROPE N.V.
Issue date:	10/03/2018

This SDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. The products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
